

Lutron's first principle  
is to take care of our customer.

### Worldwide sales and service

The Lutron Team is here to support you whenever you need us.

Technical Support: 24 Hours/7 Days  
1-800-523-9466

Customer Service: 8am-8pm ET  
1-888-LUTRON1

Internet Support:  
[www.lutron.com](http://www.lutron.com)

### Commitment to innovation

Lutron has been dedicated to producing innovative lighting controls for homes of every type and style since 1961. A dedication matched only by our commitment to quality, performance, value and service for our customers.

### World-class quality

Lutron quality is fueled by a relentless pursuit of the highest standards. Constant improvement activities include an integrated quality system, strict engineering guidelines, and world-class quality and manufacturing processes.

### Comprehensive lighting control solutions for electric and natural light

Lutron is your comprehensive resource for lighting control solutions for any residential application.

- Dimmers and fan controls
- Whole-home controls
- Entire-room controls
- Fluorescent dimming

Please contact us for information on Lutron's commercial lighting control products.

### For the specifying professional:

The Residential Lighting Controls Catalog is part of the Lighting Controls for Residential Applications binder (P/N 367-656).

This binder includes:

- Residential Products Update
- Residential Wallbox Lighting Controls Catalog
- Residential Systems Literature and HomeWorks Technical Reference Guide
- Shading Solutions
- Services
- Pricing

Note: Detailed CSI specifications can be found on the internet at [www.lutron.com/bpspecs](http://www.lutron.com/bpspecs) or please contact your Lutron representative to learn more about our online CSI specification software tool – Spec Editor.

Introduction	Dimmers and Fan Controls	
Choose the Lighting Control that Fits Your Lifestyle 4	<p><b>Architectural Style</b></p> <p><i>Lutron's architectural-style controls can be ganged at full dimmer capacity using wallplates with "no fins broken." Lutron® | choose the lighting control that fits your lifestyle

Lutron offers a comprehensive selection of the world's finest lighting controls – from individual dimmers, to whole-home systems – and everything in between.

### Dimmers and Fan Controls

- Dimmers make the light just right for any activity, in every room, any time of day
- Soft kitchen lights make family meals special
- Dimmed bedroom lighting creates a relaxing atmosphere
- Low-level bathroom lighting makes middle of the night visits easy on the eyes
- Fan controls provide maximum control of ceiling fans and fan/light combinations

### Entire-Room Controls

- Single button control of all the lights in a room for entertaining, casual times, relaxing, or watching TV
- Wall-mounted or hand-held remote controls provide the ultimate convenience in entire-room lighting control

### Whole-Home Controls

- From poolside to bedside, while in a chair or sitting behind the wheel, you're in control with Lutron
- Link lighting controls to your security system – set lights to flash in an emergency
- Know at a glance which lights are on or off with convenient master controls

## For Every Room in Your Home

## For Your Home Theater, Living Room, Bedroom, Home Office

## For Your Permanent Residence and Vacation Home

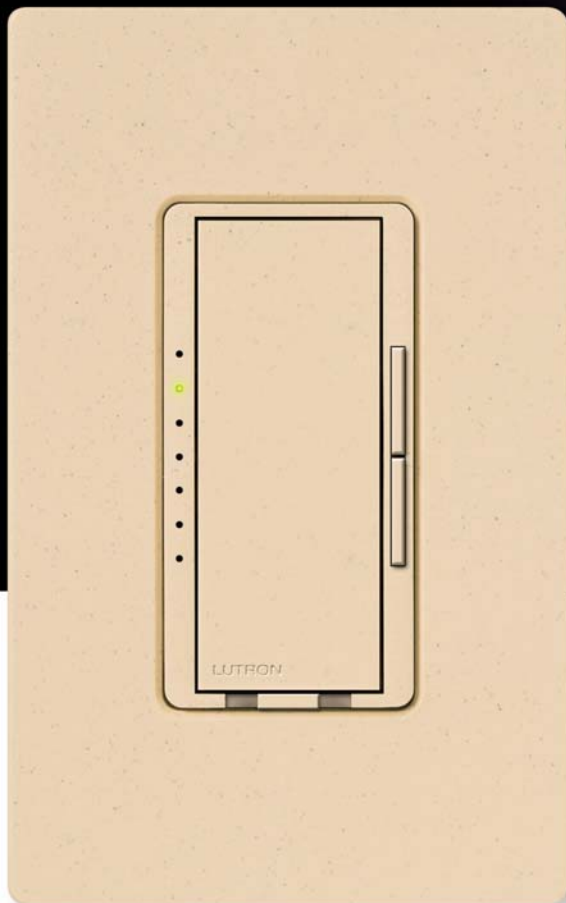

Experience the magic of Lutron dimmers – in every room.

“ On/off just doesn’t work for the way we live. We use Lutron dimmers and lamp dimmers in every room to set the lights just right for whatever we’re doing.”

**Maestro®**

Shown actual size in desert stone (DS), pg.58

Lutron dimmers and fan controls come in many styles and dozens of colors and finishes

pgs.18-21

### Bedroom

Unwind at the end of the day. Use Lutron dimmers to set the mood for reading, relaxation, and romance.

### TV room

The movie begins when the lights start to dim. Create a true cinematic feel right in your own home with Lutron.

### Bathroom

Bright light at 3:00 am is very uncomfortable. Lutron dimmers create soothing light, allowing you to return to sleep undisturbed.

### Child's bedroom

Dimmed lights put children at ease with a reassuring glow.

**NovaT**☆  
pg.28

**Faetra**™  
pg.82

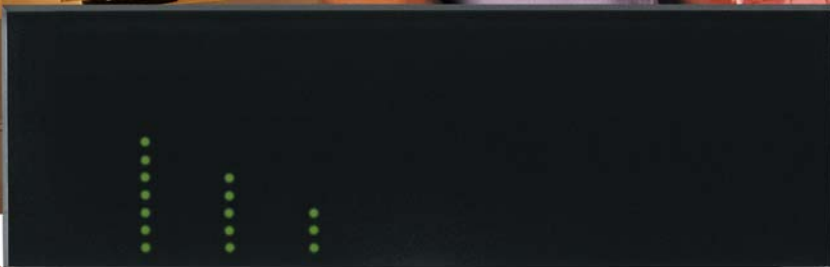

# Lutron® | entire-room controls

Controls for your home theater, living room, dining room, kitchen, home office, and bedroom.

" A single touch...

We want to press one button and have every light adjust perfectly for every activity... for entertaining, casual times, relaxing, or when we want things bright and lively."

- Entertain
- Casual
- Relaxation
- Bright
- Off

## GRAFIK Eye®

Create and recall lighting scenes with the original multi-scene preset lighting control, pgs.108.

Optional remote controls, pg.140 and wallstation controls, pgs.116-131.

### Scene 1: Entertain

Show your room at its best. Create a relaxed and friendly atmosphere when you recall this lighting scene with a single touch.

### Scene 2: Casual

Set the scene just right by remote control. From behind the bar, from the couch, from anywhere in the room.

### Scene 3: Relaxation

Dimming magic can mean pure relaxation. With a single touch you can set the mood perfectly. Feel the beauty and comfort of your room, and relax.

### Scene 4: Bright

Use this scene to bring your lights to full brightness for clean-up, or just to brighten your room on a cloudy day.

### Spacer System™

Preset scene dimmer with infrared remote control, pg.142.

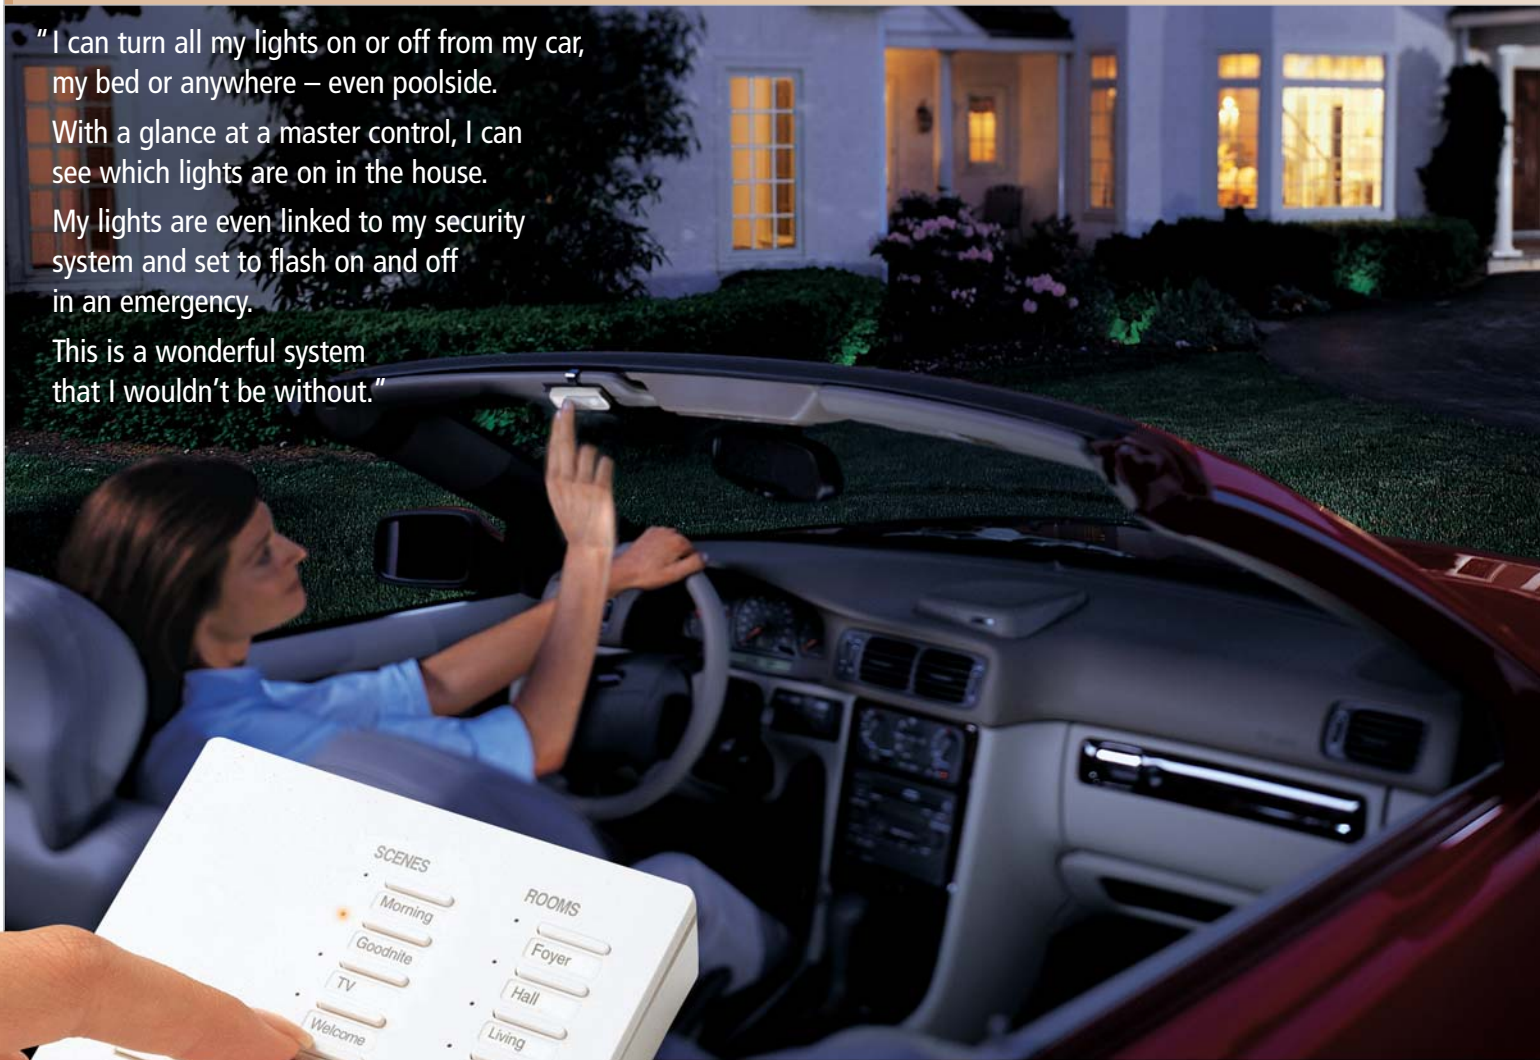

Use whole-home lighting controls for your permanent residence and vacation home.

"I can turn all my lights on or off from my car, my bed or anywhere – even poolside.

With a glance at a master control, I can see which lights are on in the house.

My lights are even linked to my security system and set to flash on and off in an emergency.

This is a wonderful system that I wouldn't be without."

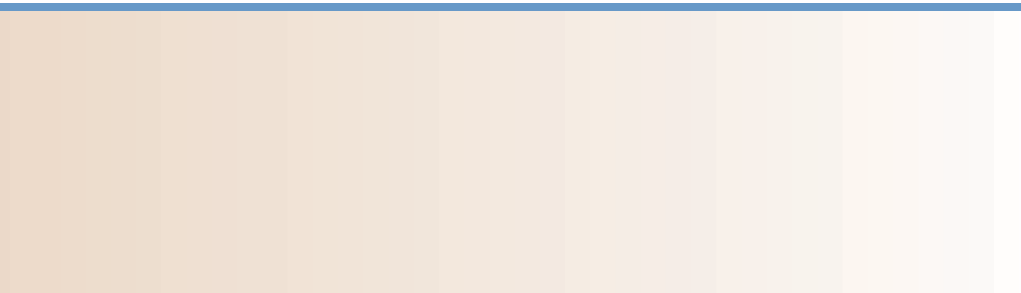

### RadioRA®

RadioRA is the world's first wireless, radio frequency (RF) whole-home lighting control system. Great for new or existing homes, or those under construction. No new wiring required, pg.154.

### HomeWorks®

Total home lighting control systems – 8 series: Premiere system for luxury homes; 4 series: For new construction or major renovations; Wireless series: For any new or existing home, pg.178.

### Convenience

Gain control over every light in your home with convenient master controls. Turn lights on/off at the touch of a button. Lutron systems can be integrated with your security system for added convenience and peace of mind.

### Ambiance

A "Movie" scene says it's time for a home theater experience. Creating a "Welcome" scene means being greeted by a pathway of exterior and interior lights. At days end a "Goodnite" scene on a master control turns lights off from the comfort of your bed.

### Car visor control

Always arrive home to the security of a well-lighted home. Use your car visor control to turn your house lights on from your car. (Shown actual size)

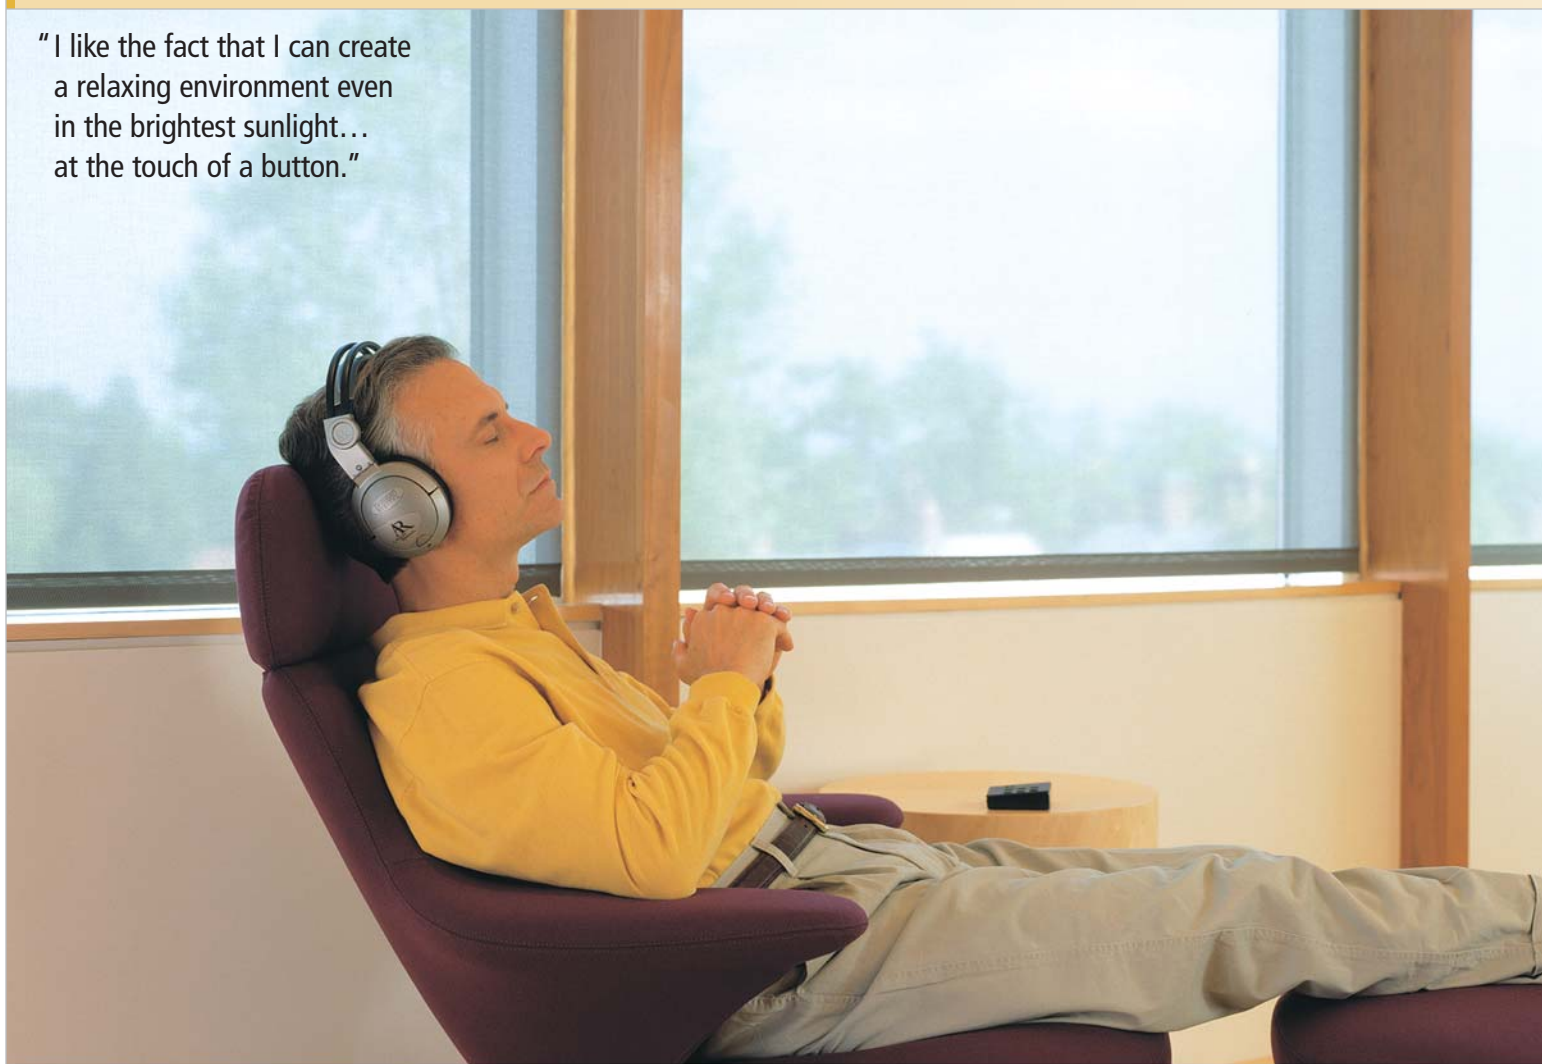

### Status lights

Small orange (LED) status lights next to the scene and room buttons on master controls, glow brightly to indicate "lights on" and glow softly to indicate "lights off." A quick glance lets you check that all is right throughout your home.

Quiet Electronic Drive (QED) roller shades, Roman shades, and draperies. Control sunlight for comfort and convenience at the touch of a button.

"I like the fact that I can create a relaxing environment even in the brightest sunlight... at the touch of a button."

### Sivoia QED™

Recapture the benefit of every window in your home. Enhance privacy and peace of mind while protecting your furnishings and artwork from ultraviolet damage. Enjoy elegant transitions as Sivoia QED shades or draperies move in exact alignment, and in perfect unison.

### Roller Shades

The clean, elegant look (as shown above) can be made into shades up to 225 sq. ft. Available in a variety of colors and fabrics for nearly any application.

### Integration

Sivoia QED™ shading solutions integrate seamlessly with Lutron lighting controls such as HomeWorks®, RadioRA®, GRAFIK Eye®, Spacer System™, and RadioTouch™, see pg.180 for more information.

To learn more about the entire Sivoia QED product line, please refer to the "Sivoia QED Window Systems Catalog," P/N 367-479.

### Roman Shades

For a softer, folded look. Design options include soft and pleat styles using your fabrics, or Lutron's range of offerings.

### Draperies

Choose from straight or curved track designs. Add your own pinch pleat drapery fabric panels, to complement your décor.

### Remote Controls

Control shades and dim lights from anywhere in the room (shown actual size).

Lutron® | design with light. refine with Lutron.

Lutron lets you accessorize, harmonize, stylize, and customize with the broadest selection of lighting controls.

The preceding pages have introduced you to dimmers for controlling a single light, and systems to control all the lights in a room – or every light in your home. Our Sivoia QED™ motorized shades and draperies bring a new dimension to natural light control. Matching accessories add the finishing touches to great room design.

### RadioRA®

Dimmer shown actual size in eggshell (ES), pg. 154

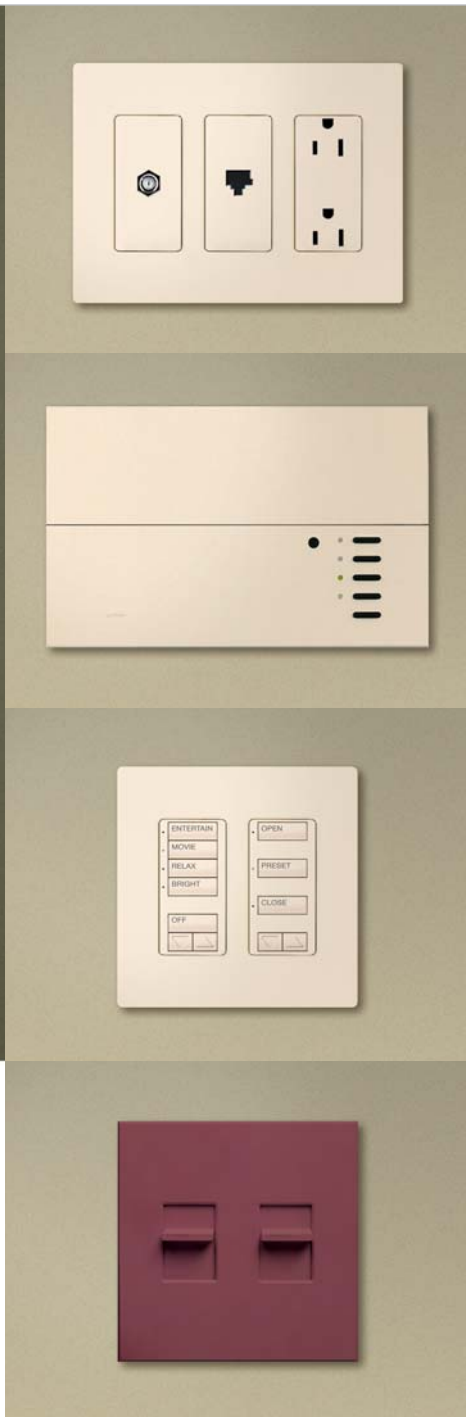

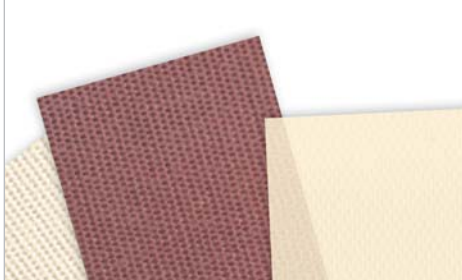

### Bringing great room design to light

Lighting control gives you the ability to make the most of the lighting in any room – any time. It allows you to adjust light to satisfy your mood, set the proper levels for any activity, and accent your décor and furnishings.

No one offers you more function, fashion, finishes, or fabrics to complete your design vision.

Sivoia QED™ controllable window treatments complement our lighting control systems for complete light control in any space. Roller shades come in a variety of colors, textures and patterns to complement any décor.

### Accessorize

Switches, receptacles, jacks and wallplates add the finishing touches to your design vision.

### Harmonize

Lutron offers scene-based control of the light in any area of the home. One button adjusts the lighting and shades – in total harmony with your mood.

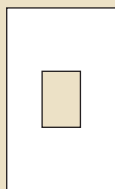

### Stylize

Lutron lets you match your control style to your lifestyle. Engraving lets you personalize your controls for the way you light your home.

### Customize

Give Lutron a swatch or color sample, and we'll color-match your controls to your décor. Or, choose from a broad array of styles, colors, and finishes.
