Understanding Your Needs

It's your business, and you want it to be as successful as possible. Productivity is the key to making that a reality.

Womack Electric Supply understands the many factors that erode your company's profit margins - compressed time schedules, product sourcing delays, high labor cost and others, just to name a few. Unproductive activities negatively affect your performance, reputation and bottom line.

Wouldn't it be great to utilize products on your job site designed to boost your productivity?

womackelectric.com

The prefabricated wiring assemblies and solutions from Womack Electric Supply do just that - boost your productivity and profitability! Our pre-fab wiring solutions eliminate unproductive activities, allowing you to focus on what's important - getting the job done, on budget and on time.

Pre-fabricated assemblies make for quick and easy installations.

Off the shelf solutions include data drops, masonry stubs, single and double gang switching and outlet assemblies and more. If your project is substantial or repetitive, such as; a hospital, condominium complex, office building or hotel, look to our off the shelf pre-fab wiring solutions products to get the job done.

Off the Shelf Solutions

Quick & Easy Installations

BOX / STUB ASSEMBLIES

Womack Electric Supply's Pre-Fabrication Solutions box and stub assemblies help you respond to high labor costs and compressed schedules by utilizing products with productivity "designed in". With our pre-fab solutions, much of the typical electrical assembly is completed in advance, dramatically cutting project completion times and reducing labor cost.

QUICK & EASY INSTALLS

Standard wiring application pre-assemblies make for quick and easy installations. Off the shelf solutions include data drops, masonry stubs, single and double gang switching and outlet assemblies and more.

A sample selection of box and stub assemblies is shown at right.

POWER UP PRODUCTIVITY

Struggling to increase the productivity of your business? Womack Electric Supply's Pre-Fabrication Solutions can make it happen. It's time to rethink business as usual. Womack Pre-Fab Solutions products are designed to eliminate unproductive, time wasting activities. Accurately estimating the labor cost for a job can be the difference between making money and losing it. Your next project could be more profitable and productive with one simple change; give Womack Pre-Fabrication Solutions a try... you and your bottom line will be glad you did!

DO MORE WITH LESS

With labor being the largest expense in commercial job inputs, it only makes sense to eliminate those unproductive activities that cost you and your company time and money. Womack Pre-Fabrication Solutions allows for completion of projects large or small with fewer employees on site; allowing you to spread out your manpower to multiple projects and to pursue additional work. That's great news at a time when good help is hard to find.

PREFAB IS THE ANSWER

Womack Pre-Fabrication Solutions can help. Our in-house, custom design specialist is ready to meet with you, review your needs, and, where plausible, work to provide a custom solution when run of the mill just won't work.
