INDUSTRIAL SERVICES
For any-time support on Automation and Electrical Control products, talk to one of our Engineers. Utilize our Technical Support Center.

Call: 866.432.9581
TechSupport@womackelectric.com
• Product Research and Selection
• Product Application Support
• Troubleshooting for Automation & Control Products
• Cross Referencing & BOM Conversions
• Sourcing hard-to-find Industrial Products for unique Applications

PLC AND SOFTWARE SOLUTIONS
We offer modular, scalable, open architecture solutions, allowing you to integrate seamlessly and expand as you see fit.

INDUSTRIAL REPAIR SERVICES
We have the ability to repair and/or refurbish all industrial electronic products such as; Rockwell, Modicon, GE Fanuc Robotics, GE-Intelligent Platforms, ABB, Siemens and many more.

APPLICATION ENGINEERING
Our Application Engineers can provide you with industry-tested solutions to increase your maximum profitability and minimize your downtime.
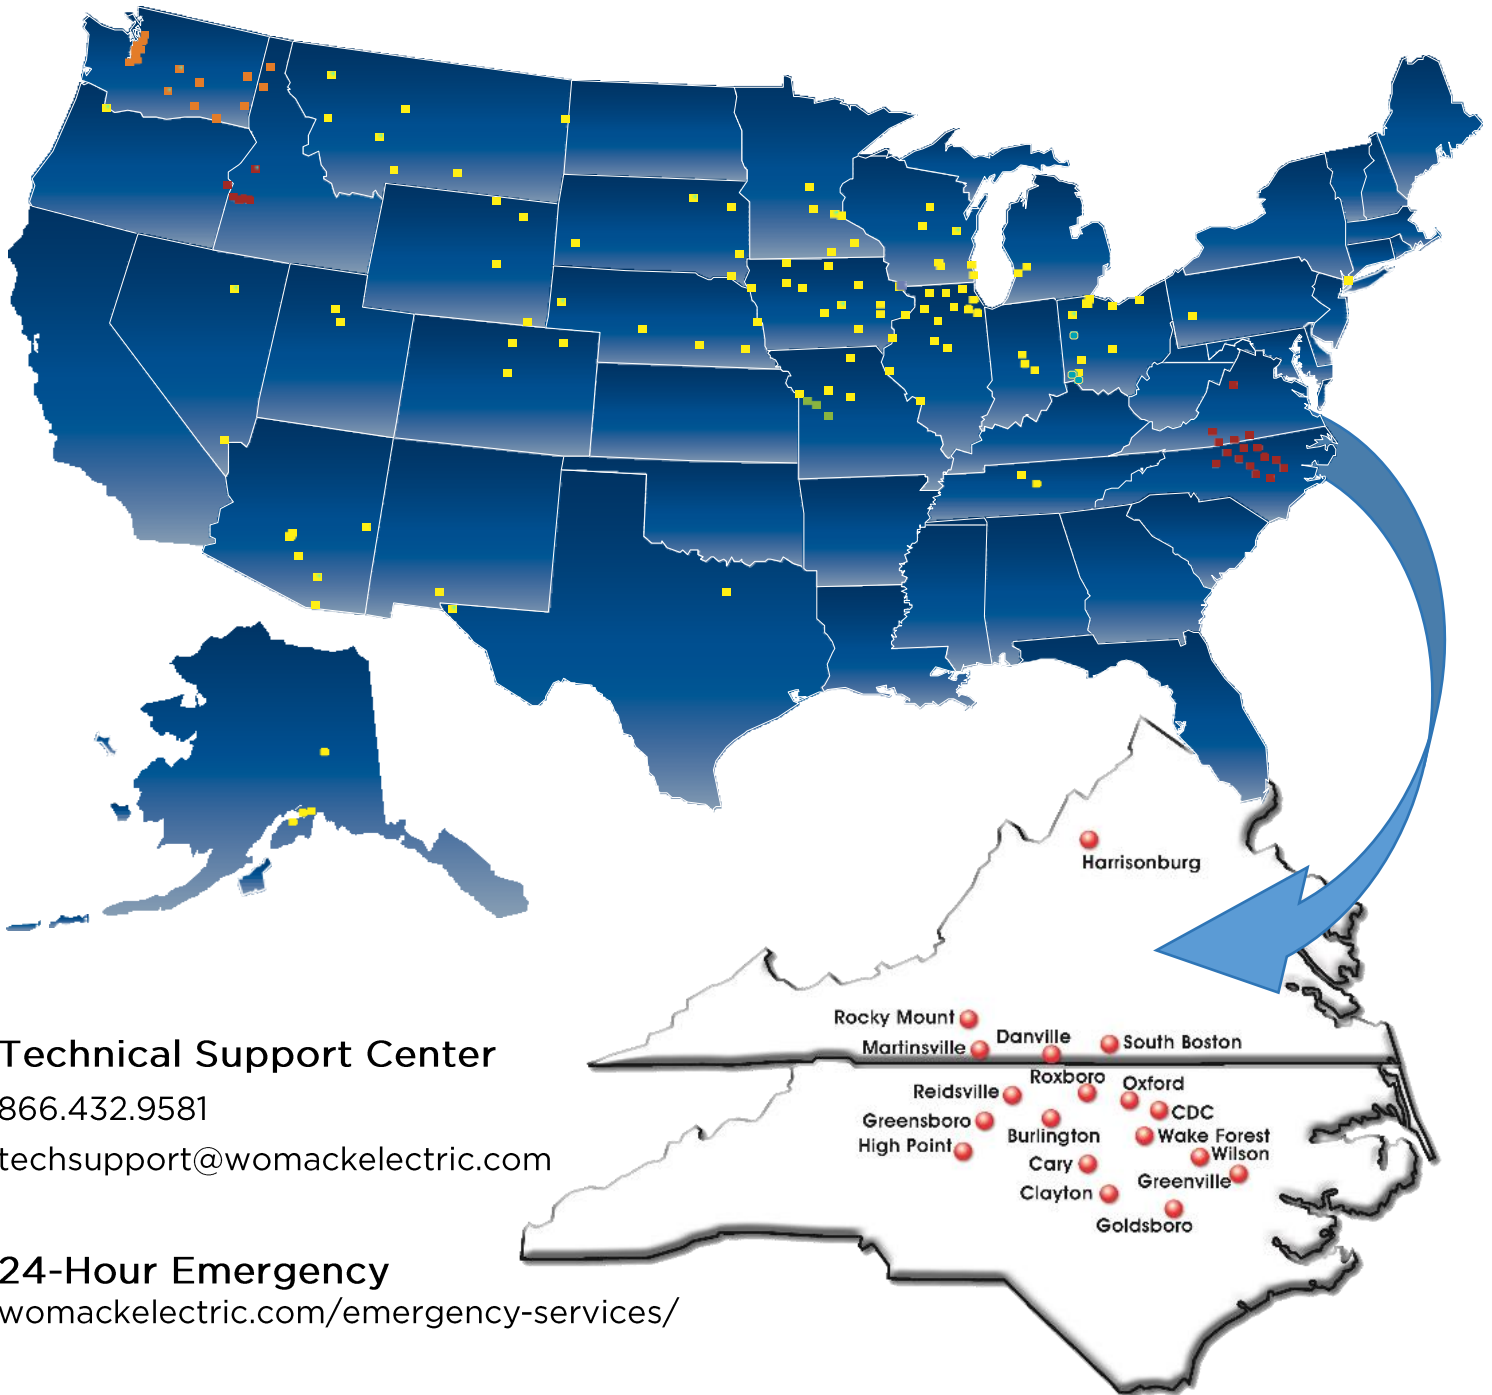

SAFETY SOLUTIONS
Our resources cover OSHA Compliance, ANSI Standards, Machine Guarding and Arc Flash compliance.

CONTROL PANEL SOLUTIONS
We will provide you with new technologies that can help you reduce the size of your control panel without changing your PLC platform.

CERTIFIED DRIVES START-UP & PROGRAMMING SOLUTIONS
Our certified AC Drives Specialist can provide on site assistance for start-up, programming and troubleshooting. Customers will benefit from local resources and competitively priced rates.
