

OUR MISSION

To achieve excellence in customer satisfaction through continuous growth and constant improvement.

Since our founding in 1938, Womack Electric Supply has grown to become one of the top electrical distributors in the nation. Headquartered in Danville, Virginia, Womack has multiple locations (including a Central Distribution Center) located throughout North Carolina and Virginia.

Over the past 75 years, there have been two constants in the electrical supply industry – change, and our commitment to adapt to change to better serve our customers. At Womack Electric Supply, we understand that our own success is a direct result of the success of those we serve. This is The Womack Way. Our customer centric philosophy serves to focus our efforts on consistent conformance to customer expectations for quality products and professional service. We articulate this philosophy every day in the capabilities and pride of workmanship of every Womack Electric employee serving you. After all, The Womack Way isn't about Womack Electric Supply at all. It's about you and your success, and that will never change.
