

Industrial Solutions

Established in 1938, Womack Electric's customer centric philosophy serves to focus our efforts on consistent conformance to customer expectations for quality products and professional service.

Womack Electric Supply Company's focus on the industrial market brings you the resources that promote energy savings, increase efficiency, reduce downtime, and save money. Womack Electric provides industrial solutions by understanding the business, anticipating needs, and working to attack the most critical areas.

Womack Electric is proud to be a member of Crescent Electric Supply, one of the eight largest electrical distribution companies in the U.S., and is dedicated to being the leading distributor of quality industrial products and value-added services.

Make the right decision for your business. From world-class products to trained specialists, Womack Electric is your local source for industrial product and service solutions.

"What Customer Service Is About!"
