

IMPORTANT NOTICE

TEMPORARY SUSPENSION OF RECEIVING TOOLS FOR REPAIR

In light of the current **global health challenge** we are facing together and to continue doing our part to protect our employees, customers, suppliers and the community we are implementing a:

**TEMPORARY SUSPENSION OF RECEIVING TOOLS FOR REPAIR
EFFECTIVE IMMEDIATELY.**

Until further notice we ask that you please:

- Do not bring tools needing repair to branches or give to a Womack driver.
- Hold future repair request for tools temporarily. We are working diligently to repair and return tools already received.

**We appreciate your understanding
during this challenging time.**
