

WATER TREATMENT SOLUTIONS

PROVIDING SAFE, RELIABLE AND SUSTAINABLE SOLUTIONS

Our Commitment

Water and wastewater treatment plants are critical to society and our ecosystem. With energy costs rising and both codes and regulations continually changing, Womack is here to help you. We specialize in providing solutions in energy conservation, product specifications and personal safety, so you can concentrate on keeping your facility up and

running. Whether you are bringing your plant up to code or increasing capacity, Womack is here to handle all of your electrical needs.

Established in 1938, Womack Electric's customer centric philosophy serves to focus our efforts on consistent conformance to customer expectations for quality products and professional service. We understand that our own success is a direct result of the success of those we serve. We articulate this philosophy every day in the capabilities and pride of workmanship of every Womack Electric employee serving you.

Womack Electric is proud to be a member of the Crescent Electric Supply family and is dedicated to being the leading distributor of quality products and value-added services. Crescent Electric is one of the eight largest electrical distribution companies in the U.S. Crescent Electric serves contractors, as well as, commercial, institutional and industrial customers with a broad line of electrical, lighting, industrial, automation and datacomm products from branches nationwide.
