SERVICE & REPAIR

Comprehensive Software System
for Construction Inventory Management

- Free ONE-KEY™ tool/asset management system from Milwaukee Tool lets you manage your assets from computer or smart device.
- Inventory dashboard provides quick insight with tool information.
- Seamlessly manage tool availability and assignments.
- Track accessible history of when, where and how tools are used.
- Set service reminders and automatic alerts and ONE-KEY™ will notify you when your attention is needed.
- Increased tracking and security with asset ID tagging, barcodes, and geofencing and Bluetooth connectivity through ONE-KEY™ enabled tools and TICK™ tool and equipment tracker devices.
- Audit tools in inventory, service records, tool certifications and calibrations, customization and reporting.
- Saves time, minimizes loss, and saves money.

Inventory Management
Empower tool room management and improve equipment supervision.

Connected Tools & Devices
Learn smart tool functionality, enable equipment trackers, and more.

Crew Management
Invite and oversee the whole team. Assign roles, tools, and more.

Places Management
Streamline ops—from HQ, across your fleet, to the jobsite.

Tool Tracking
Follow your assets where they go by mastering tool tracking and tagging.

Settings
Set account preferences and optimize your One-Key experience.

Tool & Equipment Management Services
via Womack Tool Sales & Service

WOMACK
TOOL SALES & SERVICE

- Customizable programs individually tailored to meet your specific needs for tool and asset management.
- Personalized tool audits at your location to inspect, assess tool condition, scribe, label, set-up and upload tools/assets into ONE-KEY™ software system.
- For new purchases, Womack will scribe items with company part numbers and upload tool data into ONE-KEY™ software system.
- Womack can add barcodes and QR labels to tools and equipment and scan items into the ONE-KEY™ software system.
- We work directly with you to plan, build, train and implement a tool and equipment management plan for your business.

Employee Tool Purchase Program
via WomackElectric.com

- Set up and customize an employee tool purchase program specific to your business and work crew needs.
- Convenient online ordering provides 24/7 access to all your tooling and jobsite equipment needs.
- Easily create shopping carts and place tool and equipment orders with customized shipping.
- All orders are routed to your purchase manager for approval before release and shipment.
- Shop by category, brand, new products and special promotions.
- View product information videos and demos and download tool and equipment specs.
- Track open orders and view order history.
