EMPLOYEE TOOL OUTFITTING

Set your employees up for success by working with Womack Tool Sales & Service to develop a customized list of tools for new hires within your organization. We work directly with you to ensure your staff has the tools they need to support job requirements.

Womack Tool Sales & Service offers special pricing on new hire kits purchased through select vendors and works with you to set up an employee tool purchase program to make the tool outfitting and tool buying process as simple as possible.

Here's a sample checklist to consider when outfitting a new hire or apprentice:

- Hand tools (Drivers/ Pliers/ Cutting/ Stripping/ Wrenches/ Storage)
- Power Tools (Cord/ Cordless)
- Testing (Amp/ Voltage Testers/ GFI Testers)
- Measurement (Measuring Tapes/ Levels)
- Task Lighting
- PPE

JOBSITE & CREW SET TOOL OUTFITTING

Keeping your jobsite, crews and projects running smoothly, securely, and efficiently is crucial for the success of your company. Womack Tool Sales & Service works with you to understand your specific project needs and to develop a customized list of tools for your crews and projects, large or small.

Lockable jobsite boxes provide a space to gather, store, and secure tools allowing for tools to stay on the jobsite. Womack can assemble and deliver loaded jobsite boxes with all necessary tools and supplies for your project, large or small (Large Box: 6-8 employees and Small Box: 3-5 employees).

Here's a sample checklist to consider when outfitting a jobsite and crew:

- | | |
|--------------------------------|---------------------------------|
| • Climbing Equipment | • Power Tools |
| • Hand Tools | • Fishing & Pulling Equipment |
| • Cable Termination Tools | • Threading Tools & Accessories |
| • Shovels, Mattocks, & Hammers | • Wrenches |
| • Two-Way Radios | • Hole Making Tools & Sets |
| • Powder Actuated Tools | • Bending Tools |

WORK VEHICLE TOOL OUTFITTING

As a contractor, you need to be able to readily respond to the task at hand, which means having the tools of your trade at your fingertips when needed. A properly outfitted work or service vehicle is an essential step in building a successful mobile service business.

Womack Tool Sales & Service can help you to:

Improve Organization: The right tool, at the right time, right where you need it. Let us help you develop a customized list of tools for your service fleet. Your business will increase productivity and efficiency by installing the right tools in your vehicle to keep you organized!

Promote Safety: Storage solutions that properly secure tools reduce the risks that tools can become a danger to service techs and the other equipment in the vehicle. We work with you to identify and provide safe and secure storage for your tools and equipment.

Boost Efficiency: The ability to quickly locate needed tools boosts efficiency and aids in managing supply inventory. Let us help you outfit your service vehicle in a way that helps service techs keep track of items and recognize when they may need to be restocked. We can even help you with efficient mobile power solutions for your fleet.

Enhance Your Professional Image: First impressions are important! A well outfitted work vehicle symbolizes professionalism and sends a message to customers that you will get the work done correctly and in a timely fashion.

Here's a sample checklist to consider when outfitting your service fleet:

- Climbing Equipment (Ladders: Step/ Platform/ Extension)
- Power Tools (Cord/ Cordless)
- Hand Tools (Drivers/ Wrenches/ Reamers/ Files)
- Cutting Tools (Band Saws/ Reciprocating Saws/ Circular Saws)
- Hole Making Tools (Bits/ Knockouts)
- Fishing & Pulling Equipment
- Testing & Measurement
- Power Cords
- Chemicals
- Fasteners
- PPE
